

In support of our ongoing growth, we are looking for Senior Consultants to join our Team. As a Sr. Consultant you will have a front-line role in helping the Adroit NA Team deliver products, services, and value to our clients. The Sr. Consultant is responsible for working closely with both the client and the Adroit NA PM to support configuration during our implementation clients. You will be working with the senior executives of our clients to realign the company to a future state and to drive business performance improvement through the alignment of people, processes, and systems. This is a ground floor opportunity to work with true thought leaders in the manufacturing and ERP industries.

#### **A Day in The Life Typically Includes:**

- This is initially a virtual position with the flexibility to work from anywhere you have internet connectivity. As Covid restrictions abate, travel to client sites is possible provided all parties mutually agree we can do so safely.
- Lead the gathering and documenting of requirements from customers
- Create Business Requirements documents and design requirements
- Provide and deliver Implementation, Optimizations, and Support services
- Work on the development of custom solutions
- Develop technical articles and documentation
- Support quality assurance testing and software development team best practices

#### **What You Will Need:**

Basic Qualifications:

- Consulting experience implementing ERP: Specifically, NAV/Business Central/Just Foods -- Operations and/or Finance
- Project Management or Supply Chain Management is a plus
- Demonstrated problem solving skill set
- 4 Year College Degree
- Excellent attention to detail, time management and organizational skills
- Strong interpersonal, negotiation and persuasive skills at all levels
- Excellent writing skills
- Self-driven continuous learning / positive mindset
- Strong MS Office Skills – Excel, PowerPoint, Word

#### **Adroit employees have:**

- A sense of passion, urgency, and individual self-motivated drive
- Continuous self-investment
- High degree of integrity – do the right thing
- Creativity – challenge the status quo
- Respect and Unity
- Humility – believe in something greater than ourselves

Adroit does not discriminate in employment opportunities or practices on the basis of race, color, creed, religion, sex, gender identity or expression, sexual orientation, national origin, genetics, disability, marital status, age, veteran status, protected veterans, military service obligation, citizenship status, individuals with disabilities, or any other characteristic protected by law applicable to the state in which you work.

**Seniority Level**

Mid-level
