

aptean

Food & Beverage ERP

Purpose-built for the way food and beverage manufacturers work.

Aptean Food & Beverage ERP, built on Microsoft Business Central, is the #1 ERP solution for food and beverage manufacturers. It connects every ingredient, process and transaction so you can deliver safe, high-quality products on time and on budget.

Purpose-built. Proven. Powerful.

One ERP. Every ingredient for success.

From formulation to fulfillment, Aptean Food & Beverage ERP connects your entire business so you can deliver safe, high-quality products on time and on budget.

Recipe & Formulation Management

Manage complex formulas, version control, nutritional values and yield across variants.

Food Safety & Compliance

Built-in traceability, lot management and regulatory compliance.

Production Management

Plan, schedule and execute production with clear visibility at all plants.

Inventory & Lot Traceability

Real-time visibility from raw materials to finished goods and beyond.

Costing & Profitability

Accurate costing and margin analysis to drive better business decisions.

Sales & Distribution Excellence

Optimize order management, logistics and customer service performance.

BUILT ON MICROSOFT BUSINESS CENTRAL

Modern architecture. Real business advantage.

Business Central is Microsoft's cloud ERP platform — the same security, AI and productivity tools your team already uses.

- ✓ Copilot AI and autonomous agents in every user license
- ✓ Runs in any browser, plus iOS, Android and desktop apps
- ✓ Microsoft Entra sign-on, encrypted and isolated data
- ✓ Native to Microsoft 365: Outlook, Teams and Excel
- ✓ Extensions that upgrade cleanly with every release
- ✓ Power BI, Power Automate and the AppSource ecosystem
